LATIMER
by Clarion Housing Group

Have your say on plans for the new Garden Community at our second round of consultation events

Latimer by Clarion Housing Group are
developing plans for the new Garden
Community in Colchester and Tendring District

Following our first exhibitions in September &
October 2023, we want to update you on our
progress and hear your views on the emerging
proposals

Take part in our consultation

We will be holding our **second round** of public exhibitions in November & December. You can get involved by joining one of our roadshow events in person or via an online virtual webinar. You can also find out more information through our dedicated project website and freephone number below.

Your feedback will help to develop the Garden Community plans which we will be presenting to residents through further rounds of consultation next year.
